THE 61508 ASSOCIATION
Guidance in Compliance

MEETING DIARY FOR 2022

Updated: 24-Nov-2021 / Version: 3

DATES FOR THE MEETINGS OF THE 61508 ASSOCIATION

All members are welcome and expected at association general meetings or the annual general meeting. Each member can send more than one representative as per the association rules. The meetings are a combination of in-person and virtual but the association philosophy is that we are a networking association, so in-person attendance is preferred.

The general format of the meetings is a mixture of paper presentations, association activities, discussions and working group sessions all considering functional safety.
